

GGGACTTTACG

The image shows a DNA double helix structure. The top strand is the sequence GGGACTTTACG. The bottom strand is the complementary sequence CCCATTAACG. The bases are color-coded: G is yellow, A is green, C is blue, and T is red. The strands are connected by horizontal lines representing hydrogen bonds. The sequence GGGACTTTACG is written in a large, bold, sans-serif font above the double helix.
