

CGAAGAAGCCG

A DNA sequence logo for the sequence CGAAGAAGCCG. The letters are color-coded: C is blue, G is orange, and A is green. Below the main sequence, there are smaller letters indicating conservation: G (orange) under the first C, G (orange) under the second G, A (green) under the first A, A (green) under the second A, C (blue) under the first G, G (orange) under the second C, and G (orange) under the final G. Red vertical bars are present under the first G, second G, and first A.
