

CCGCGCGGAAG

The image displays a DNA sequence: CC GCG CGG AAG. The bases are color-coded: C (blue), G (orange), and A (green). Below the sequence, horizontal lines represent base pairing between the top and bottom strands. The top strand is CC GCG CGG AAG and the bottom strand is GG CGC GAA. The pairs are: C-G, C-G, G-C, G-C, G-C, G-C, A-T, A-T, G-C. The G-C pairs are highlighted with a yellow oval, and the A-T pairs are highlighted with a red rectangle. The A-T pairs are also highlighted with a green triangle.
