

The sequence logo displays nucleotide conservation across three rows. The top row features large letters indicating high conservation: A (green), G (yellow), G (yellow), C (blue), A (green), T (red), G (yellow), T (red), C (blue), C (blue), A (green), G (yellow), G (yellow), C (blue), A (green), T (red), G (yellow), C (blue), A (green), T (red). The middle and bottom rows show smaller letters representing lower conservation at those positions.
