

GGGCAAGC

The image shows a DNA sequence GGGCAAGC. The first three 'G's are orange, the 'C' is blue, the two 'A's are green, and the final 'G' is orange and the final 'C' is blue. A horizontal line is drawn below the sequence, with an orange segment under the first 'A' and a red segment under the second 'A'. The second 'A' is also underlined with a green line.
