

CCCGCCCAAGAT

The image shows a DNA sequence "CCCGCCCAAGAT" in a large, bold, sans-serif font. The characters are color-coded: the first six 'C's are blue, the 'G' is orange, the next three 'C's are blue, the 'A' is green, the 'G' is orange, the 'A' is green, and the 'T' is red. A red horizontal line is positioned below the first 'C', with a small red rectangular block centered under it, indicating a specific site of interest or a mutation.
