

CTAATAAGCA

The image displays a DNA double helix structure. The top strand is composed of the following nucleotides: C (blue), T (red), A (green), A (green), T (red), T (red), A (green), G (orange), C (blue), and A (green). The bottom strand is composed of the following nucleotides: G (red), A (blue), T (orange), T (blue), A (blue), A (green), C (red), G (blue), G (red), and T (blue). The base pairs are: C-G, T-A, A-T, A-T, T-A, T-A, A-G, G-C, C-G, and A-T.
